5 September 2010

Father's Day like other special days is celebrated in every part of the world. A day when we can all pause to express our gratitude and appreciation to our Dads and for all father figures who are special to us.

How did the celebration of Father's Day start?

A young daughter, after listening to a church sermon about the newly recognised Mother's Day, felt strongly that fatherhood needed recognition as well. She was moved by her father's selfless sacrifice and resilience looking after his six children. Her Dad became widowed when his wife died in childbirth with their sixth child. He was left to raise the newborn and his five other children by himself. Being a single parent, he was tossed between raising his children and earning some money to put food on the table.

She wanted a celebration that honoured fathers like her own father. She believed that the nation did not show enough respect to fathers. She campaigned for it until it became a national event and eventually observed worldwide.

Like this young daughter we should have the same kind of appreciation and sense of gratitude to our Dads who have toiled and spent most of their lives making sure that everyone in the family is safe, secure and well provided for. Honouring our parents is a command that has a promise attached to it.

Exodus 20:12 says, "*Honour your father and your mother, that your days may be long upon the land which the LORD your God is giving you.*" (NKJV)

I can't help but think about our heavenly Father. His awesome display of His extravagant love to us, His children, is incredible! The abundant grace and blessings that He extends to us each day and the wonderful plans that He has for us in the future, make Him deserving of all adoration, honour and glory.

Praise be to God our Father and Happy Father's Day to all Dads!

Pr Gregg
